

YOO'UP

TAME STEEL WITH STYLE

Your screens finally have **a motorized and intelligent support.**

Screen attachment up to 98" and 130 kg

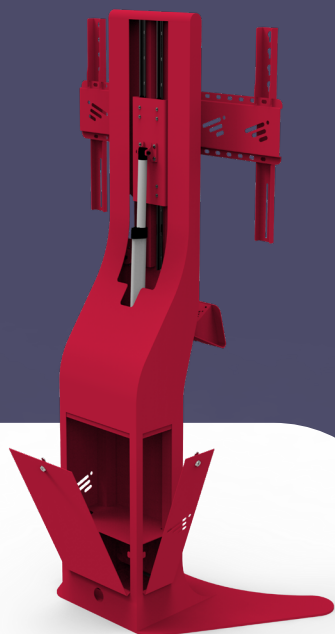

Designed for all screens between 56 and 98 inches, this mount is specially designed for places where the wall structure cannot support heavy loads.

Control interface

The Yoo'UP Control allows you to save time thanks to the simplified management of all your tools: readjusting the height, changing the video source, managing the volume and brightness of the screen, etc.

The Yoo'UP app replaces the remote control, allowing access to all the features offered by the interface.

Motorized height adjustment

The mount offers a vertical screen adjustment with a stroke of 400 mm that adapts to any user (people with reduced mobility, children) and to any use. The Evo1 is equipped with a motorization that allows a quick and discreet adjustment.

Secure storage

With a lockable compartment with an integrated multi-socket, the Evo1 allows a simple and safe storage of all your equipment.

Ergonomic base

Thanks to its discreet base, the screen mount allows easy access. Designed for people with reduced mobility.

Optional

- Selection of color.
- Addition of your logo.
- Mobility.
- Power inverter (Backup)
